ance Notes on Codes and Abbreviations" appearing at the begin-
ning of each regular issue of the PCT Gazette.

(54) Title: A CABLE ENTRY DEVICE COMPRISING MEANS FOR ADJUSTMENT

(57) Abstract: A cable entry device for pro-
viding sealing in a space between a cable and
a surrounding material. The cable entry com-
prises a covering, and a first and a second seal-
ing member for receiving said material there-
between. The first sealing member provides
a biasing force on the covering when inserted
into a hole of the material, wherein the second
sealing member is urged towards a surface of
said material.
